

POPFASD is pleased to offer  
**FASDcasts**

POPFASD offers free FASDcasts to BC schools. Our interactive webcasts share an FASD-informed approach to teaching ALL students.

Here are some ways that BC schools have accessed our FASDcasts:

1. We facilitated a 30 minute FASDcast during an SD50 school staff meeting.
2. We facilitated 2 x 40 minute FASDcasts to a school staff in SD67. FASDcast 1 covered basic FASD information and FASDcast 2 provided information around common issues in their school.
3. We facilitated a 2.5 hour morning FASDcast on a school-based pro d day for a school in SD78.
4. We facilitated a 5-part FASDcast series for an elementary school staff in SD6. Each FASDcast was 60 minutes long. Following each FASDcast, teachers applied an idea to their classroom and reported out via a forum.
5. We facilitated a 2 FASDcast series to an SD58 school team (classroom teacher, resource teacher, EAs, and admin). FASDcast 1 covered basic FASD information. FASDcast 2 provided information around the main areas of challenge for a particular student.
